Submission: Objection

Comments: It is a complex and confusing application to understand but nevertheless these are my main objections to the planning application:-

1. Size of the development is excessive and will put severe strain on local and public services including transport.
2. Original brief was a 2-3 storey development, it now appears to be 5-6 storeys ...much too high. There should be no flats in the historic part of the Town Hall.
3. No consideration that this is a conservation area.
4. Grossly inadequate parking provision for residents, visitors and potential users of Town Hall facilities
5. Local residents called for a dedicated Cinema in the complex (now dropped from plans) and Adequate Parking for the site. Muswell Hill has two paying car parksCrouch End has none
6. I object to loss of public toilets
7. What are the guarantees that the Town Hall will be restored for public use.
8. I object to the fast tracking of this application without further widespread consultation so close to the council elections.
